March 01 and April 30
Select models while supplies
last when activated on a
NEW 2 Year contract with a
plan \$80+

In January we introduced the Brooke Telecom Ecosystem. Now it's time to meet the individual pieces. Please stay tuned to Facebook every Wednesday starting March 8 to learn about the members of this great team

I am sure we weren't the only ones disappointed when Harvey said 6 more weeks of winter, but! on the bright side, we have sun on the horizon and FIBRE is being pulled. SWIFT is nearing the final phase and Fibre will be lit and all will be well. We want to say another HUGE thank you to each and everyone of our members for their patience and cooperation through this.
